

CASCADE SERIES

Premium Mains-Connected and Bottled Water Coolers

The flagship Cascade range of water coolers are both stylish and efficient. The lustrous design compliments contemporary kitchen and break room decors. It offers the advanced feature of transferring between bottled and mains-connected with the flick of a switch.

KEY FEATURES

- 5.1L/h cold water output
- 7.9L/h hot water output
- High impact polymer housing parts.
- Bottom loaded bottle for easy installation.
- Hot, cook and cold in a single unit.
- Stainless steel reservoir and hot tank.
- Easy-to-clean, dishwasher-safe drip tray.

Cascade boasts an output capacity of 5.1 L/h cold water and 7.9 L/h hot water. The high impact polymer on top, base and front panels offers the unit a durable housing to extend its lifespan and keep it looking smart for longer.

Aqua Cooler provides a full range of replacement parts, local service and support along with twelve-month standard warranty and twenty-four-month additional refrigeration circuit warranty.

Aqua Cooler water coolers are manufactured from the highest quality components supplied from the industry's leading suppliers and designed to run efficiently with low maintenance.

Model Selection Chart

Hot, Cook & Cold	Filtered*	CDTTF
	Not Filtered	CDTT

* Filtered models are supplied with filter upgrade kit.

TECHNICAL SPECIFICATIONS

Water Reservoir	Cold	3.3 L
	Hot	1.1 L
Housing Material	High impact polymer top, base and front panels	
Refrigeration	Uses R134A refrigerant	
Water Connections	Water Inlet	¼" quick-connect tube fitting
Thermostat Control	The thermostat is factory set	
Capacity	Cold	5.1 L/h
	Hot	7.9 L/h
Power Consumption	545 W	
Electrical	220-240 V, 50/60 Hz	
Weight (Packed)	16.5 kg	
Dimensions (Packed)	310 x 330 x 1040 mm (W x D x H)	
Warranty	Twelve month comprehensive coverage. Three year compressor replacement.
