

CASCADE Eco SERIES

Premium Tri-Temp Dispensing Water Cooler with Integrated Refillable Bottle

Stylishly presented hot, cold, and ambient water at the touch of a button. Enjoy your water any way you need with the Cascade Eco Series Tri-Temp Water Cooler.

KEY FEATURES

- 5.1L/h cold water output
- 7.9L/h hot water output
- High impact polymer housing parts.
- Bottom loaded bottle for easy installation.
- Hot, cool and cold in a single unit.
- Stainless steel reservoir and hot tank.
- Easy-to-clean, dishwasher-safe drip tray.

This easy-to-use system features three pre-set temperatures for great tasting hot, ambient, and chilled water. With a bottom loading compartment and included refillable bottle, you can have 10 litres of water always available without needing to look at large bottles mounted to the top of your water cooler.

With no plumbing required, but the great look of a mains-connected unit, you can use the refillable bottle included, or simply hook up pre-filled spring water bottles without the need to heavily lift them into place.

Whisper quiet in chilling and heating, with convenient light indicators when the pre-chilled or heated tanks are refilling or the bottle needs topping up, the Cascade Eco Series is an ideal choice in homes, offices and waiting areas.
